Re: Local sporting clubs

Dear Parent/Guardian,

During the latest PE and Sport questionnaire completed by students in school only 17% of children were taking part in a sporting team/club outside of school.

Last year children missed out on so much, including the ability to take part in sports and be active. To challenge this and make up for lost time you may be looking to get your child/ children into a sport. We have put together a document that should be able to support you to do this. All the clubs listed are run by professional coaches and many of the clubs are already being attended by children from Yardley Wood Community Primary School.

Studies by the association for Physical Education highlighted 5 key factors sports can have on children:

Achievement, pupil improve in all subjects

Personal development, Pupils are more confident and positive

Social skills, Pupils have more developed social skills

Health and emotional well-being, pupils have a better outlook on life

Leadership, pupils will be able to make informed decisions

If you would like more information on how you can get your child/ children involved in a club outside of school then please do not hesitate to contact me via the phone, class dojo or face to face.

Kind regards

Mr Elvins, PE and Sport Leader
