Re: Pupil Water Bottles

November 2024

Dear Parents/Carers,

As part of our poverty proofing strategy in school, we have invested in water bottles for every child in school. Your child has been provided with their own water bottle for use in school (pictured below). The bottle and cap have been labelled with your child's name to avoid children using each other's bottles and each year group has a different coloured cap on their bottle. The new water bottles will be cleaned regularly and the children will keep them in their classrooms where they can access them as needed.

These water bottles will replace the need for you to send your child in with a bottle and any bottles your child has in school will be sent home with them this week. The only water bottles we will have in school now are these new ones.

If you wish to discuss this please speak with your child's class teacher or Miss Blackwood.

Many thanks for your continued support.

Miss Blackwood
